

THL

YACHT RIGGERS

Musto Clothing at THL

You might not know we are able to order and send you any MUSTO clothing you need – we can provide a quick and reliable service, which is especially important if you need items personalised and logo'd.

The THL team are enjoying wearing their new MUSTO work gear which includes these fantastic Musto trousers and jackets. They were bought to provide 'waterproofing' when the riggers are working in wet and windy conditions. The lovely Tim, THL rigging technician extraordinaire, says 'I think the waterproofs are a great success. They are very comfy, really waterproof, a good fit and look very professional' – praise indeed.

If you would like us to order some for you and your crew, please contact Sally on +44 01590 676644 or sally@timhaynes.com to place your order.
